

CITY DEVELOPMENT PLATFORM (CDP)

Turn manual processes into visible, accountable workflows.

CDP helps organisations replace fragmented forms, spreadsheets, WhatsApp coordination and manual approvals with structured digital workflows and real-time operational visibility.

WHAT CDP HELPS YOU DO

- **Digitise the work.** Replace paper forms and manual hand-offs with structured digital forms and workflows.
- **See what is happening.** Use live dashboards to track activity, status and exceptions across teams and sites.
- **Strengthen accountability.** Create clearer ownership, escalation paths and audit trails throughout a process.
- **Work beyond the office.** Support field capture with photo, GPS and offline functionality where required.

HIGH-VALUE USE CASES

- **Supplier and compliance processes.** Onboarding, documentation, approvals and evidence tracking.
- **Operations and service delivery.** Inspections, incidents, maintenance, shift handovers and client reporting.

BUILT FOR OPERATIONAL TEAMS

- **Security operations.** Incident reporting, patrol management, shift handover and access-control processes.
- **Property and facilities.** Maintenance requests, inspections, contractor workflows and renewals.
- **Logistics and fleet.** Vehicle checks, delivery confirmation, route exceptions and operational reporting.
- **Mining and industrial.** SHE incidents, permit-to-work, equipment inspections and shift reporting.
- **Financial-services operations.** KYC/FICA, claims, policy administration and compliance workflows

CORE CAPABILITY SET

- **Configurable workflows.** Visual process design, dynamic forms and automated routing.
- **Operational visibility.** Dashboards, alerts, escalations and client-facing views.
- **Traceability.** Audit trails, generated documents and integration support

Why Mfundopedia?

South African hosting

Designed for local data and operational requirements.

Level 1 B-BBEE

100% Black-owned technology company

Practical delivery

Discovery, demo, pilot and proposal built around the process you need to improve

Bring us one manual process. We will show you what digital can look like.
